BECKWITH'S ANTI-DYSPEPTIC PILLS
have been most successfully employed in almost
every variety of functional disorder of the stomach,
bowels, liver, and spleen; such as heartburn, acid
eructations, nausea, headache, pain and distension
of the stomach and bowels, incipient diarrhoza, colic, jaundace, flatulency, habitual costiveness, loss of
appetite, sick headache, sea-sickness, &c., &c. They
are a safe and comfortable aperient for females during pregnancy and subsequent confidement; relieving
sickness at the stomach, headache, heartburn and many of the incidental nervous affections. Literary men,
students, and most other persons of sedentary habits, find them very convenient. Those who indulge
too freely in the pleasures of the table find speedy
relief from the sense of oppression and distension
which follow, by taking the pills. As a dinner pill,
they are invaluable. Those who are drinking mineral watern, and particularly those from southern
climates, ague and fever districts, will find them a
valuable adjunct. Those who are exposed to the
viciositudes of weather on voyages or journeys, can
take them at all times with perfect safety. In full
doses they are a highly efficacious and safe antibilious medicine. They seldom or never produce
sickness at the stomach or griping.

There have been many imitations and worthless
counterfeits of these pills put in circulation by unprincipled and ignorant persons—the directions,
wrappers, &c., of the genuine pills so closely and
accurately copied, that the closest observer could not,
without a trial of their effects, distinguish between
them.

PROPOSALS FOR AMERICAN WATER RETTED HEMP. NAVY DEPARTMENT,
BUREAU OF CONSTRUCTION, EQUIPMENT, &c.
4th October, 1845.

NAVY DEPARTMENT, &c.

BUREAU OF CONSTRUCTION, EQUIPMENT, &c.

SEALED PROPOSALS, endorsed "Proposals for hemp," will be received at this bureau until the 15th December next, for delivering one hundred and fifty tons of American water-retted hemp, at such storehouse in each of the cities of Louisville, Kantucky, and St. Louis, in Missouri, as may be designated by the United States hemp agent at those places; the deliveries to be made between the first day of March and the first day of July, 1846, and accompanied by satisfactory evidence that it has been water-retted in the usual manner.

The hemp must be thoroughly dressed, cleaned, free from shivers, and must not lose more than sixteen per cent. of tow and waste when hatchelled, to the satisfaction of the inspectors, ready for spinning. Its strength must be such, that a rope of one and three-fourths of an inch in circumference, made from twenty-one yarns, as prepared and tested by the inspectors, or by their direction, will bear at least four thousand two hundred pounds; and its length, color, and other properties, must be entirely satisfactory to the inspectors, or the chief of this bureau, or it will not be received. It will be inspected and tested at the respective places of delivery.

For the hemp which may pass inspection and be received by the agent, he and the inspector will certify bills (for not less than one thousand dollars, the last bill excepted), according to the provisions of the contract; ninety per cent. of which to be payable within thirty days after the presentation of the bills to such navy agent as may be agreed upon by the chief of this bureau and the contractors.

Persons offering, must offer for at least thirty tons, and must state the price (written in words at length) asked per ton of 2,240 pounds when delivered, inspected, tested, approved, and received by the agent and inspector, and payable as above specified, and must forward with their offer an obligation, duly executed by two persons of known responsibility, binding themselves for

CAUTION to those who purchase or take BECK-WITH'S anti-dyspeptic pills.

I have satisfactory evidence that Beckwith's pills have been extensively counterfeited in various parts of the country, and particularly at New York, and sold at prices much below what the genuine article can be afforded at.

Since the agency of Mr. Henry D. Turner, John street, New York, ceased, on the 14th February, 1844, I have appointed no agents, and now have nose in any section, except Dr. T. W. Dyott & Sons, of the Columbian College, Philadelphia. Those, therefore, who wish to purchase or take the genuine pills, must obtain them either of myself, or of those gentlemen, or of persons known to purchase them of one or the other. Dr. Dyott & Sons are enabled by me to sell upon the same terms as I do myself.

JOHN BECKWITH, Late of Raleigh, N. C., Proprietor Petersburg, June 1, 1845.

Public notice.

It will be seen by Dr. John Beckwith's letter, dated June 1st, 1845, that he has discontinued all agencies on commission for the sale of his (Beckwith's) anti-dyspeptic pills, and has established one principal office, which is at the Columbian College, No. 132 North Second street, Philadelphia, where the public are recommended to apply for the genuine pills.

Protection against counterfeits.

Protection against counterfeits.

Dr. Beckwith, proprietor of "Beckwith's antidyspeptic pills," having suffered great loss, as well as those who have been in the practice of using his pills being disappointed and their health injured:

It will be seen by Dr. Beckwith's letter of June 1, 1845, that he has adopted the only safe plan for himself and the public against these miscreants, by having placed the sale of his medicine in the hands of one special agent, where every one who wishes to be supplied with the genuine article must apply.

Dr. T. W. Dyott & Sons, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons appointed to supply the above pills in quantity, as no counterfeit article is permitted in their establishment. Dealers and the public will be safe in supplying themselves as above.

Wright's Indian regetable pills counterfeited.

The proprietor of Wright's Indian regetable pills has discovered that his pills are counterfeited and extensively circulated through the country by persons unauthorized by him.

Dealers in the above pills are therefore respectfully informed that Dr. T. W. Dyout & Sons, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons authorized by me to sell my pills, in quantity, at the same prices as myself.

Any other persons travelling through the country offering my pills in quantity, and at reduced prices, are assuredly base counterfeaters, and ought to be rejected as such by every "honest dealer," and it is to be hoped will be, if it is only for the health and the lives of the public.
